DRIVEWAY AND ENTRANCE

THE LOUNGE

The GLENCOE CLUB was established in November, 1931, for the promotion, practice, and cultivation of Indoor sports both in Summer and Winter. Within its doors every member of a family, from the youngest to the oldest, can find healthful recreation and pleasure in premises ideally suited to the purpose for which they are intended to be used; and open to members daily from 9 a.m. to 11 p.m., and on Sundays from 9 a.m. to 10 p.m.

ACTIVITIES

SKATING. Two Outdoor rinks and a large, attractive Indoor rink are maintained in excellent condition throughout the Winter season. Popular music suited to skating is supplied to both Outdoor and Indoor rinks by means of electrical equipment.

A Lady and Gentleman Skating Professional, both of whom have the highest qualifications, are available at any time should members wish to receive instruction in Figure skating.

CURLING. Six sheets of excellent ice are maintained and the Committee are always ready to arrange plays for new members wishing to take part in this popular Winter game.

BADMINTON. The six courts are probably the best to be found in Western Canada.

INDOOR BOWLING. The four alleys are kept in perfect condition, and experienced pin-setters are always on hand. The Lady members have their own league and usually bowl in the mornings and afternoons.

SQUASH. Racquets and balls for members wishing to play Squash are kept in the Club office.

TABLE TENNIS. Two tables and good equipment are available for this popular game.

LAWN BOWLING. The Club is justly proud of its excellent green, which is in constant use during the Summer afternoons and evenings.

TENNIS. The Club has a large Tennis Section and the six courts have been judged by visiting players from across Canada to be as fine hard surfaced courts as can be found anywhere in the Dominion.

LOUNGE. There is a commodious and well-furnished lounge upstairs where afternoon teas are served if desired, and members and their friends may play bridge or watch the Badminton or Skating through windows arranged to give an unobstructed view.

DINING ROOM. The Dining Room operated throughout the Winter months furnishes meals for members and their friends at very reasonable prices.

Thirteenth Annual Carnival, 1945

For several years the Glencoe Club has presented an annual display of figure skating for the approval of the citizens of Calgary. Outstanding skaters on this continent have appeared before you. We believe this is the most outstanding show we have ever produced, and earnestly hope you will enjoy this, our Thirteenth Annual Carnival.

EDWARD and GLADYS RUSHKA

Talented Glencoe Club Professionals.

THE ENCHANTED

The setting is an old fashioned garden, where lived all the Fairies of the land. The Gardener was a gruff man, very hard and he did not enjoy "Pleasure", consequently he did not like people to play and be happy.

One bright, sunny morning he arose early and saw a Fairy Queen and Fairy Prince dancing about the Garden. This made him very cross so he decided there and then to end Joy "forever". In a furious mood he set out after the Fairy Queen, captured her and carried herinto his cottage. Terrified the Fairy Prince called together all his Playmates and told them of a plan which might return their beloved Fairy to them. Immediately they began to beautify the garden. A Fairy seeing such Joy awakens the flowers and they decide to join in, but as they are at the height of their frolic a frightful storm blew up much thunder and lightning, and made them run to the cottage for shelter.

Cupid decides to take part in this strange twist of fate, and shoots an arrow into the cottage where it enters the heart of the gruff gardener. Soon a dance of Joy is enacted. The garden is restored to its former beauty and as a grand climax we await the wedding of thegardener, who has envisioned his past through Cupid's heart and finally has come to the conclusion that life, after all, is "Joy Supreme.
